To Whom It May Concern:

I am pleased to be able to write this letter of recommendation for Walt Townes and his high school voter registration project. Walt volunteered to present this project in my classroom and the students found it to be informative, interesting and a good motivator for getting out and registering to vote. Walt is engaging and works well with high school students. Perhaps most important to me, as a classroom teacher, is the fact that Walt is interested in continuing to refine his program so that it can become as effective as possible. This is far different from some individuals who come into classrooms with an "I know it all stance". Walt supports teachers, values their contribution to civic education, and wants to collaborate with them to accomplish the common goal of an informed and registered populace.

Sincerely,

John Zola

Social Studies Teacher
